

*The Secretary to the
Right Honorable S. M. Bruce, P.C.,
forwards the following Message
from Our Prime Minister.*

The Right Honourable, the Premier, has learned with interest of your proposal to publish an official journal for your State Branch of the great R.S.S.I.L.A., and takes this opportunity of wishing it every success. Any project that has as its object the fostering of the spirit of loyalty and comradeship that was the great feature of the A.I.F., has Mr. Bruce's heartiest commendation. You, fellow members of the R.S.S.I.L.A., can do a great and noble service to this, our country, if you keep your great organisation clear of party politics and sectarian issues, as we are happy to remember the A.I.F. itself was kept clear. Now that you are "hopping over" in your new venture, the Prime Minister wishes you the best of luck and all success.
